

Summer Reading

Help your child succeed in school!

Confederation Park PAC would like to kick start your child's reading this summer.

We are having a used book exchange on June 22nd in the school library.

Please scour your bookshelves and rooms for books your children no longer read that are in good condition.

Have your children bring their used books to their classrooms June 6-20th- they can bring in more than one!

PAC will organize them into age appropriate tables and students will get a chance to take a new book to them home on June 22nd.

We are only looking for children's books but remember that the older grades like books too and we are looking for age appropriate books for everyone!

The public library recommends:

- Set time aside for reading every day.
- Like other skills, reading improves with regular practice.
- Make books a big part of your life. Read them everywhere - at home, in the car, on vacation, in the park.
- Read to your child.
- Set a good example. Read on your own in the language of your choice and talk to your kids about what you're reading.

Any books not chosen will be donated the Burnaby Task Force on Homelessness who are in need of children's books.
