September 5, 2023

Dear Kindergarten Families,

We are looking forward to seeing you all in September 2023. On Wednesday, September 6<sup>th</sup> we invite you and your child for a Kindergarten orientation in the library between 9:00am to 10:30am. At this time, we will discuss the gradual entry process, school procedures, and students visit one of the Kindergarten/K1 classroom. Please meet at the back door of the Library by 9am. A sign will guide you to the library area. You are not required to bring any thing for this orientation.

As educators, we look forward to providing you and your children with the best possible experience and look forward to working with you as partners in supporting your child's learning.

The Kindergarten Program contributes to the continuing growth of young children's knowledge and understanding of themselves and their world. Experiences are provided which help create awareness and appreciation of the changing world and help foster positive personal and social attitudes in young children.

The Kindergarten program addresses the development of the whole child, integrating five areas of development:

- social responsibility
- emotional and social
- intellectual
- physical development
- aesthetic and artistic

The program reflects an understanding that children learn through active engagement and play, and that they represent their knowledge in a variety of ways.

We look forward to working with you and your child this coming year!

Ms. Douglas & Ms. Spurgeon  
Kindergarten Teachers
