School Vaccination Information for Parents

Getting vaccinated on schedule is the best way to protect yourself from many dangerous diseases. Public health regularly checks immunization records for students in Grades 6 and 9 to help make sure they are up to date on vaccines.

We offer all routine vaccines needed for students in Grades 6 and 9 when students are in school.

Families can check their child's immunization records online to see if they need any vaccines by logging into immunizationconsent.gov.bc.ca/s/ then looking at "Immunization forecast".

NEW

Give consent for the child's vaccines online

This year, students, parents, or caregivers of students in Grades 6 and 9 have the option to provide consent for vaccines online. **You can fill out consent now or any time before the school clinic.**

To give online consent for immunizations, scan this QR code or go to immunizationconsent.gov.bc.ca/s/.

Note: If you identify as Indigenous (First Nations, Métis or Inuit), please contact your local health unit to learn about additional vaccines that may be available to Indigenous students.

If vaccines are needed, please see Vaccines | HealthLink BC for more information on the specific vaccine your child needs.

What if the child had vaccines but they are not on their immunization record?

If the child's record is missing vaccines they already had, please do the following:

1. Find the paper record at home, if one was given to you at the time of vaccination.
2. If you do not have records at home, contact the health care provider who gave the vaccines and ask for a copy of the immunization record.
3. Report the immunizations by:
   - Scanning this QR code to submit the records
     or
   - Submitting it online by going to: FraserHealth.ca/immunizationform.

For more information
